(860) 593-2423 • aniundrakonda@gmail.com • [linkedin.com/in/aniundrakonda](https://www.linkedin.com/in/aniundrakonda) • Hartford, CT

EDUCATION

University of Connecticut, Storrs, CT May 2024

B.S. in Geographical Information Science (GIS) | *Dean's List (Fall '22, Spring '23, Fall '24) • New England Scholar (2024)*

TECHNICAL SKILLS

Languages: Python, SQL (Oracle, MS SQL Server, Snowflake), JavaScript, R

Data & Cloud: Databricks, AWS (S3), Azure DevOps, ETL/ELT Pipelines, Master Data Management, CI/CD

Tools: ArcGIS Pro, ArcGIS Online, QGIS, Figma, Git

Methods: Agile/Scrum, OOP, Data Governance, Data Modeling, UI/UX

EXPERIENCE

Software Engineer — Engineering Development Program | *Travelers*, Hartford, CT

February 2025 – Present

- Build and maintain scalable data pipelines in Databricks, automating ETL/ELT processes and enhancing data modeling workflows across enterprise MDM systems.
- Develop reusable Python scripts for automation, orchestration, and validation of data processes, applying OOP principles for consistency across environments.
- Optimize database queries using Oracle SQL and Microsoft SQL Server, improving performance and maintainability for large-scale datasets.
- Support cloud-based development using AWS S3 for data storage and Azure DevOps for CI/CD pipeline execution and version control.
- Participate in agile ceremonies, sprint planning, and technical documentation of MDM processes in fast-paced development cycles.

Data Analytics Intern — BI&A Geospatial | *Travelers*, Hartford, CT

June 2024 – August 2024

- Automated SQL query execution and ETL processes using Python, significantly reducing manual effort and improving data accuracy.
- Collaborated with a senior software engineer to design and optimize SQL databases for scalable data storage.
- Built Python scripts to automate extraction, transformation, and loading of data between SQL tables, ensuring data integrity.

Operations Leadership Intern — Claim Services BI&A | *Travelers*, Hartford, CT

June 2023 – August 2023

- Led a company-wide hackathon team to a first-place finish, demonstrating leadership, technical creativity, and cross-functional collaboration.
- Assisted Scrum Master with Rally Board upkeep and PI Planning documentation, gaining hands-on agile project management experience.
- Coordinated a shared drive redesign to improve file organization and accessibility for team members.

Sales Associate | *GNC*, Glastonbury, CT

June 2022 – August 2022

- Consulted with customers daily to assess health and nutrition goals, translating needs into tailored product recommendations that drove sales and repeat business.
- Managed point-of-sale transactions and daily cash reconciliation, building a foundation in business operations, revenue tracking, and financial accountability.

LEADERSHIP & PROJECTS

President, Geography Club | *University of Connecticut* Aug 2022 – May 2024

- Restored the Geography Club at UConn; mentored students and led geospatial data visualization projects with external partners.
- Facilitated financial evaluation with the UConn Club Board to establish multi-year club funding.

Team Lead, Cyber Infrastructure Competition | *UConn* Aug – Dec 2023

- Led GIS team in developing a predictive bike share model for Manhattan using space-time cube analysis and fishnet-based AI modeling.
